

# Are You Looking to Build Sustainable Literacy Practice in Your School?

We work alongside schools to build teacher knowledge, practice, and the systems that support a sustainable, schoolwide approach.

*The team feel confident in what they do, they have a clear plan and there is a progressive pathway for teaching and learning. Our students are making greater progress. We can evidence this, and it is so rewarding to see.”* School Principal

## What Could This Support Look Like in Your School?

Whether you're building teacher capability, strengthening intervention, or developing schoolwide systems—our team is here to help.

We meet you where you are and tailor support that's grounded in evidence, aligned with the science of learning, and designed to create real change and meaningful outcomes for students and teachers alike.

This support might include:

- In-class modelling and coaching
- Leadership mentoring
- System and resource development
- Remote or in-person sessions
- Staff and/or parent evenings

### Full Facilitation and Coaching

An ongoing partnership over the course of a year or more to support whole-school structured literacy implementation, align tiers of instruction, and embed change across years 0–8. This includes teacher-only days and termly in-school visits.

### One-off Teacher-only Days

Focused professional learning tailored to take your knowledge and practice to the next level. Focus areas may include spelling, reading, writing and/or intervention.

### PLD Tailored for Your Setting

We design support to meet your goals—whether that's refining your literacy block, strengthening Tier 1 instruction, supporting intervention, or developing leadership capability.

### Short-term or One-off Visits

Not every school needs a full facilitation and coaching package. We offer short-term or one-off support that is targeted and practical, without long-term commitment.

## Support Throughout Aotearoa

Our team is located throughout Aotearoa, so we can support you wherever you are. We are able to work with you and your team either in person and/or remotely. Our team has extensive experience working alongside school leaders, SENCOs, Literacy Leads, teachers, and teaching teams to co-construct a practical, evidence-based, and sustainable path forward.

### Need more information?

Please contact Fiona Wilder via [fiona@learningmatters.co.nz](mailto:fiona@learningmatters.co.nz) to arrange a time for a remote meeting or phone call.

Fiona can discuss with you how we can work together to support your school's needs.
