Device Refresh, Trade-In Service + more

Get your Devices ready for 2026 with our Device Refresh Service!

Start planning for 2026 with our Device Refresh Service. This is designed to take the pressure off your staff and ensure your devices are ready for learning.

Our team comes onsite during the holidays to securely wipe, update, and reassign school-owned iPads and ensuring apps are installed, iPadOS is updated and digital asset ID's are current. You will receive insights and recommendations to help optimise your fleet for the year ahead.

Or have you decided it's **time to upgrade your old devices**? We can help you with our **trade-in program** that could help contribute to funding your new device fleet.

Trade-in

Turn your Unused Smartphones, Tablets & Laptops into Noel Leeming Account Credit
powered by **moorup**

Upgrade for less and offset future hardware purchases

Easy 4-step process with personalised support along the way

Secure data erasure certificates and ISO and NIST compliance

No additional costs with pricing including collection, customer assessment report, and recycling.

Reduce your e-waste impact and help your sustainability goals

Device Trade-In Program

Turn unused smartphones, tablets, and laptops into Noel Leeming account credit with our secure, sustainable trade-in program powered by **Moorup**.

- Secure data erasure (ISO & NIST compliant)
- No additional costs – includes collection, assessment, and recycling
- Support your school's sustainability goals
- Old tech removed, new tech on the way!

Or, if your old Tech is well past its shelf life, Noel Leeming, in partnership with Tech Collect NZ, is offering free e-waste collection at 27 of our stores nationwide.
