Dear Colleagues

As many of you know, I have now retired from the University of Waikato's Faculty of Education as a Senior Lecturer and Senior Consultant in the Educational Leadership Centre.

A substantial number of school-based leaders have encouraged me to continue with my leadership development activities. I am most grateful to those who have encouraged me. Based on this encouragement, I have developed a new company known as **Leadership Innovation NZ Ltd**. I shall continue to provide a focused leadership education opportunities for school-based leaders under this banner. I have already begun and I have had a number of requests from colleagues to support their professional learning.

As in the past, each consultancy will be tailored to the specific needs of each school or person. I shall be offering at least the following services:

- Coaching and mentoring of leaders at various levels in schools;
- Dialogue-based principal appraisals;
- Leadership team appraisal and development;
- Whole-school leadership learning;
- Guiding schools wishing to move from a traditional model to an innovative or flexible learning model;
- Strategic development and other futures thinking projects;
- Carefully designed, specific support programmes in schools.

Appraisal activities are designed using the NZSTA approved model.

I shall undertake the majority of this work myself. However, I have an advisory and support panel that will assist me in developing programmes. Some members of this panel are available to work directly with school leaders if it appears that this would be beneficial.

In addition to these one to one opportunities, I shall also be offering three-day professional learning series in Hamilton, Tauranga and Rotorua. These will focus on:

- Developing aspirant Principals and senior leaders;
- Developing primary school middle leaders;
- Developing secondary school middle leaders;
- Developing schools: Learning for the future.

In addition, I shall be facilitating a leadership dialogue for school principals – primary, intermediate and secondary – focusing on:

School leaders: Addressing the pressing questions in school development – futures, pragmatics, ethics and learning.

I shall be providing specific information on each of these early in Term 4 to facilitate appropriate PLD planning for your school.

Should you require any further information, I can be contacted on mobile 027 2895 954 or landline 07 39 444 64. Correspondence can be addressed to 147 Wairakei Avenue, Papamoa Beach, 3118. My email is jeremy@leadershipinnovationnz.co.nz.

I look forward to working with you in the future.

Kind regards

Jeremy Kedian

Director and Senior Consultant
